FROM TADIDM
SUBJECT Validation of Death Under Investigation Cases
DATE AUG 1 6 2016

1. References:

- a. CMC No. 16-2016, PNP Anti-Illegal Drugs Campaign Plan-Project Double Barrel; and
- b. Memo from TADIDM dated July 3, 2016 with subject Investigation of All Drug-Related killings.

2. This pertains to the parameters on the classification of death under investigation/inquiry (DUI) whether these are drug related or not; and the conduct of investigation on all reported killings/deaths as a result of police operation and vigilantism/outside police operation.

3. In vigilantism incident, a DUI case shall be considered as Drug Related (DR) upon validation of the RIDMD/PIDMB on illegal Drugs. A case shall be classified as Suspected Drug Related (SDR) when the killed person is reportedly involved in illegal drugs, there is illegal drugs/paraphernalia recovered in his/her possession or there are indicators that he/she is involved in illegal drugs subject to validation whether the case is drug-related or not. A case shall be classified as Non-Drug Related (NDR) case is when the parameters/indicators of suspected drug-related are absent or there are other motives present.

4. Concerned RIDMD/PIDMB shall validate and review Suspected Drug Related cases to include deaths as a result of police operation within seven (7) days after the incident and shall submit its findings to PNP Oversight Committee on illegal Drugs (Attn: CMD-DIDM).

5. All PROs/NOSUs are reminded to cause the immediate investigation of all drug-related deaths as a result of legitimate police operations or vigilantism that transpired in their AOR and submit respective case folder within seven (7) days after the incident.

6. For strict compliance.
